We are pleased to share that TZ of Madison took home an award at the 2015 NARI Contractor of the Year Awards Dinner on December 4. Over the last seven years, TZ has been recognized for 13 remodeling projects by local and national organizations, including five Universal Design recognitions. That would not have been possible without the hard work of our clients and subcontractors. Congratulations all!

BEFORE: This was an underutilized alcove off of the main living area. Now it has been reimagined as a classic bar.

### 2015 Contractor of the Year Award Residential Interior under \$75,000

The challenge was to create a traditional English club-style bar that would be the focal point of a contemporary, 14th floor condominium home. The inspiration was a gorgeous mahogany bar at a favorite local restaurant. Traditional cherry paneled walls and cabinets were set off by the modern Shaker-style cabinet doors and black granite countertops. Careful planning, good design and an eye for the smallest detail resulted in a place of elegance, warmth and the deserved focal point of the home.
